1. Project Overview & Business Model

The **ELAKIYAA Client Management System** is an enterprise workforce allocation and shift management platform built for **ELAKIYAA**, an official **Manpower Supply Agency**.

> 💡 **Real-World Business Model:**
> • **ELAKIYAA (The Agency)**: Recruits, manages, and supplies trained field attendants, security staff, and cashiers.
> • **Clients (Petrol Bunks & Enterprises)**: Indian Oil (IOCL), Bharat Petroleum (BPCL), Hindustan Petroleum (HPCL), Shell, and Nayara Energy petrol bunks that hire workforce from ELAKIYAA.
> • **Staff (The Workforce)**: Employees deployed at client petrol stations who perform daily shifts and record attendance.
> • **Managers**: Area supervisors from ELAKIYAA who oversee deployed staff and coordinate daily shift rosters.

2. Visual Role-Based Architecture (4 Portals)

3. Workflow Diagrams

DIAGRAM A: BIOMETRIC CAMERA & GEO-STAMPED ATTENDANCE WORKFLOW

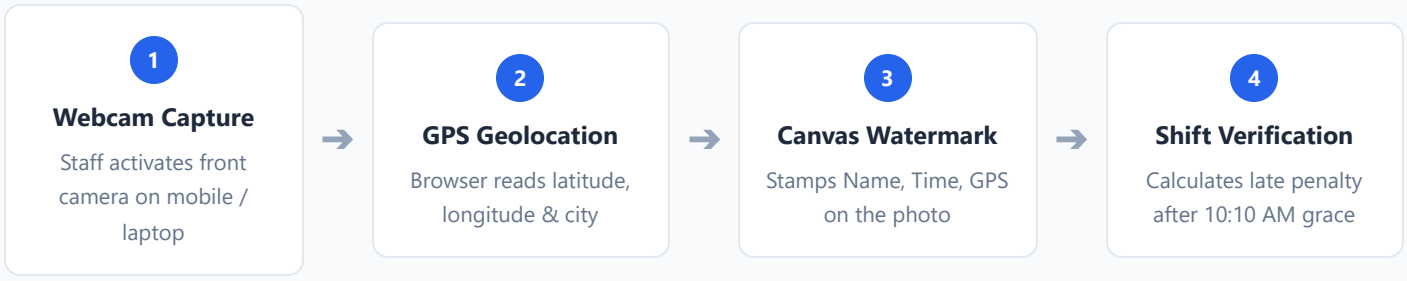

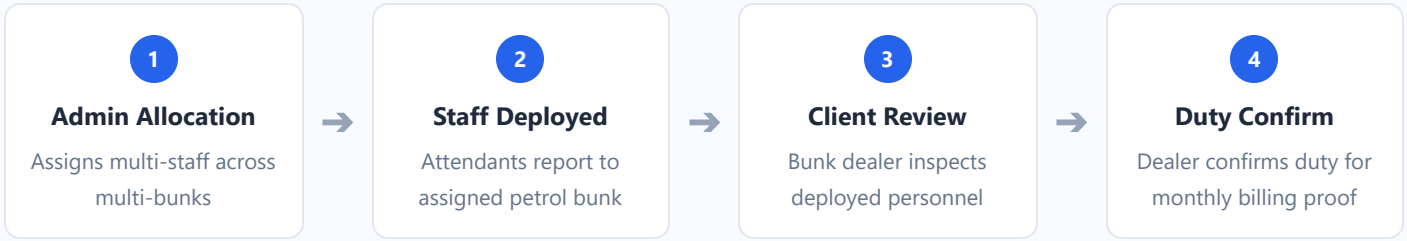

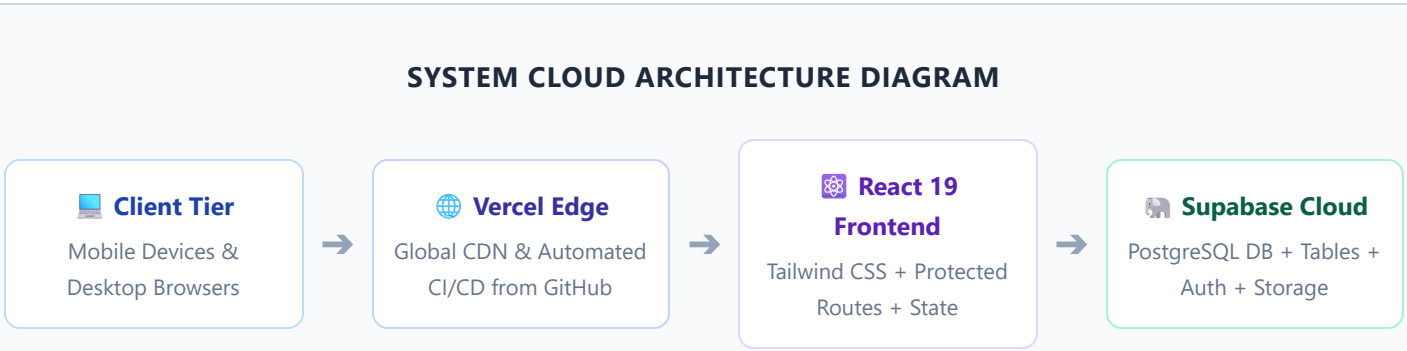

DIAGRAM B: MULTI-ENTITY TASK ALLOCATION & DUTY CONFIRMATION WORKFLOW

4. Modern Serverless Full Stack Cloud Topology

SYSTEM CLOUD ARCHITECTURE DIAGRAM

5. Database Architecture & Data Models

Located in supabase/schema.sql, the relational cloud database is structured into 4 primary core tables:

Table Name	Primary Fields	Operational Purpose
users	id, name, mobile, role, photo, status	Stores all 23 user accounts across Admin, Manager, Staff, and Client roles.
attendance	user_id, date, punch_in, status, photo_url, coordinates	Records daily biometric punch-ins, camera image proof, GPS coordinates, and late minutes.
tasks	title, staff_ids, client_ids, due_date, priority, status	Tracks multi-staff & multi-bunk task allocations, deadlines, and completion states.
audit_logs	user_name, action, module, description, ip_address, timestamp	Provides immutable security logging of all administrative and attendance edits.

6. Evaluation & Demo Credentials

Role	Name	Mobile	Password	Landing Portal
👑 **Admin**	Arjun Sharma	9000000001	admin123	/admin
👔 **Manager**	Priya Nair	9000000002	manager123	/manager
👷 **Staff**	Anitha Devi	9000000004	staff123	/staff
🏢 **Client**	Indian Oil Petrol Bunk	9100000001	client123	/client
